

The logo consists of the word "Uztzu" written in a stylized, hand-drawn black font. The letters are thick and irregular, with some overlapping. The word is centered within a bright yellow rectangular background.

# Giant Trees Foundation | Collaboration T-Shirt 4 sides | Uztzu

05.06.2019

By purchasing this 4-time-reversible Super-T-shirt you will plant 5 trees in the areas devastated by the Vaia storm that struck the Triveneto from 26 to 30 October 2018, wiping out entire millennial forests with millions of cubic meters of trees destroyed. We specially designed this shirt to support the non-profit Giant Trees Foundation which was born to learn, defend and protect large trees.

All the proceeds from the sale of this Uztzu model will support the project "[Let us Grow a New Forest](#)" that will operate over the next few years in Friuli in the municipalities of Ampezzo, Sappada and Moggio Udinese which have been seriously affected by floods.

The main beneficiaries of the initiative will therefore be the populations and enterprises of flooded municipalities, the students of the technical institutes and the universities involved, the local authorities, the tourist agencies and **all of us who are the direct and indirect users of the environment.**

The initiative is carried out in collaboration with the University Institutes of Udine and Turin and the technical institutes of Cividale, Pozzuolo, Tolmezzo and Conegliano.
